Go Paperless AND SAVE!

Digital banking can save time, money, and help the environment. Not sure about making the switch? Consider these facts:

SECURITY:

Paperless statements are more secure

A recycle bin is easier to break into than a computer.

85% of identity theft crimes come from paper, such as stolen checkbooks, statements, etc.

Stacks of paper need to be organized.
Digital statements can be searched instantly.

Copies of digital documents stored in multiple locations are safer backups than paper in a file cabinet.

ENVIRONMENT:

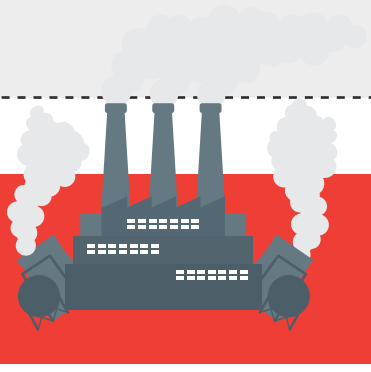

The average American home gets 23 POUNDS of wood pulp delivered each year.

19 billion commercial mailers, equaling 533M POUNDS of paper, are delivered per year.

Switching to eStatements reduces greenhouse gas emissions by 23 pounds.

SAVINGS:

Stamps, checks and envelopes add up to $100 per year to pay bills.

Automatic bill payment means no more missed payments, which helps keep your credit score in good shape.

Lower costs for your credit union means lower fees and better rates for you.

Go paperless! It's a win-win.
